

New course offering!

AI FOR THE CONSTRUCTION INDUSTRY

By popular demand, the HBAA has partnered with Faulkner University to present this hands-on course specifically for using AI (Artificial Intelligence) in the construction industry.

This course focuses on real-world tools and strategies that improve project efficiency, streamline administrative tasks, and support better decision-making.

Key topics covered include:

- Introduction to Artificial Intelligence
- Ethical considerations and responsible AI usage in construction environments
- Prompt engineering
- Using AI for estimating, takeoffs, and bid preparation
- Business applications such as documentation automation, customer communication, marketing and reporting

Complete the form below and return it to the HBAA. **One form per applicant.**
For more information, contact Louise Brown at 1-800-745-4222 or email louisebrown@hbaa.org.
