## **Course Schedule**

**8:30 am – 11:30 am    Residential Construction Performance Guidelines**

**Instructor: Tom Gotschall (3-hour CE Class – AL SPECIFIC)**

**Course Description:** Residential construction performance guidelines is the most widely used recommendation by the home building and remodeling industry on how homes should perform during the warranty period. This course explains the why and the how to help builders and remodelers manage customer expectations and resolve customer complaints, while delivering high-performance homes.

• *This class has been approved by the Alabama Home Builders Licensure Board for 3-hours of continuing education.*

**Noon – 3:00 pm        Planning & Scheduling for Construction Professionals**

**Instructor: Tom Gotschall (3-hour CE Class)**

**Course Description:** Many home builders and remodelers can build great projects and keep them on budget. Perhaps they can even manage the flow of work “in their heads”. Some could benefit from a better understanding of the fundamentals of planning and scheduling in an effective and visually attractive way. Participants will have the opportunity to discuss scheduling challenges, offered some “hands-on” scheduling exercises and given sample templates to develop further.

• *This class has been approved by the Alabama Home Builders Licensure Board for 3-hours of continuing education.*
